 Frozen Granita Dispenser  
 with 3X11 l insulated bowls,  
 electronic control

### Short Form Specification

Item No. \_\_\_\_\_

Frozen granita dispenser with 3 bowls; the ITANK™ Technology prevents ice accumulation on the outer side of the bowl and the bowl shape allows a natural mixing action to ensure an optimum consistency of the product. Customizable lid merchandiser and back graphic. Electronic control system and touch screen keypad. Sliding drip tray.

### Main Features

- Ideal for the production of slush.
- The ITANK™ Technology prevents ice accumulation on the outer side of the bowl, reducing condensation and increasing the cooling power of the machine.
- Bowl shape allows a natural mixing action to ensure an optimum consistency of the product.
- Customizable lid merchandiser and back graphic.
- Daily and weekly machine programming functionality.
- When the product reaches the right consistency, an automatic stand-by mode activates in order to save energy and reduce CO2 emissions.
- The insulated tank guarantees higher cooling efficiency and lower effect of the external temperature on product's preparation and maintenance time reducing condensing and draining; it is the best solution in hot climate conditions.
- Electronic control system and touch screen keypad.
- Sliding drip tray.
